FROM HEAD TO FOOT

you feel the good that's done by Doctor Pierce's Golden Medical Discovery. It cleanses, regulates and invigorates Stomach, Liver and Bowels and so purifies the blood. And through the blood, it cleanses, repairs, and invigorates the whole system.

In recovering from "grippe," or in convalescence from pneumonia, fevers, or other exhausting diseases, nothing can equal it as an appetizing, restorative tonic to build up needed flesh and strength. It rouses every organ into natural action, promotes all the bodily functions, and restores health and vigor.

For every disease that comes from foul or Weak Stomach, a torpid Liver or impure Blood, Dyspepsia, Indigestion, Biliousness, and the most stubborn Skin, Scalp, or Scrofulous affections, the "Discovery" is a sovereign remedy. Don't be hypnotized, wheedled, or over persuaded into accepting a substitute only that some selfish medicine seller may make a greater profit on the inferior article. The "Discovery" has a great record of nearly forty years with thousands of cures behind it.

Dear Sir—Several years ago my blood became impoverished and I became run down in health. I had no appetite, could not sleep, and was practically inffited for work. Suffered from innumerable boils and was in bad shape. Dr. Pierce's Golden Medical Discovery relieved me of my wretched condition. The medicine built up my system and restored me to a normal condition of health. I can speak most highly also, of Dr. Pierce's Favorite Prescription, as it has been used in my family for years in cases of female trouble.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mandell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '09, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

GOMEZ'S CHARGES.

Gen. Jose Miguel Gomez, the candidate of the liberal party for the presidency of Cuba, who is at present in New York, said yesterday that it is the duty of the United States government, under the Platt amendment, to interfere in Cuba, and to see to it that the island has genuine and honest elections. He described what he said was the despotism of President Palma's government and the combined and open use of fraud and force in Cuban elections, as follows:

"The days of the 21st, 22d and 23d of last September were days of terror in all Cuba. The chief leaders of our party were arrested—respectable men, men of conservative ideas, merchants, and distinguished professional men. The assassination of Villuendas took place. He was a young man of great vigor and the leader of the liberal party in the House of Representatives. A stupid story of dynamite was invented, being made up only to make an impression on the United States, as it was only received with laughter in Cuba.

"On the 22d day of September, the day preceding the election of members of the election boards, the moderates arrested the leaders of our party organizations, and on the 23d the ballot boxes were taken to the polling places, already stuffed with votes, and defended by men of criminal antecedents, armed with rifles, and also by the rural guard and the municipal police. Wherever the members of our party resisted they were fired upon. In the province of Santa Clara there were many killed and wounded.

"After having prevented the liberals from voting on the 23d, the election leaders of the moderate party filled up the ballot boxes according to their desire.

"On the 25th of September the drawing up of the list of voters was begun. It was padded to an extrordinary degree, there being inscribed as voters names of persons who had never existed or had died. In many cases the number of names of the voters falsely inserted were more than double the number of names of genuine voters."

Asked whether the coming December elections might be conducted in this same manner, Gen. Gomez replied:

"Yes, the result in the coming elections will be that as this body of imaginary voters has been created, the will of the genuine electors will be stifled by the members of the boards of election officers, who will fill the ballot boxes with the votes of false electors.

"I assure you that, if interpreted honestly, the Platt amendment cannot be a guarantee of bad government in Cuba by placing a bad government beyond the reach of all punishment for its misdeeds. That the interpretation of this amendment ought either to be a liberal one (and in this case the protection of the United States should be exercised in favor of the Cuban people whenever the government violates its fundamental rights), or a broad one, and in this case the attitude of the United States should be one of complete passivity as long as the rights of foreigners are not interfered with. It would not be difficult for the government of the United States to ascertain the truth of what I have asserted, and to see to it that there are genuine and honest elections, which is all that we ask."

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve." "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at E. S. Leadbeater, & Sons, druggists.

SATURDAY EVENING, OCT. 7, 1905.

IN YESTERDAY'S testimony before the New York legislative committee which is investigating insurance companies it was developed that the New York Mutual Life paid enormous salaries and that President McCurdy and his family got $4,534,120 of the policy-holders' money from the Mutual Life Insurance Company in the last twenty-one years. For four years President McCurdy has been drawing $150,000 salary yearly—the largest ever paid to any American financier. Other families besides the McCurdy derived benefits through their relation with executive officers of the company. It was shown that George Raymond, a brother of Charles H. Raymond, was the general agent for New Jersey; that Howard Lewis, the general agent for northern New York, was a cousin of Vice President Grannis; that Dr. E. J. Marsh, the medical director of the Mutual Life, married a sister of President McCurdy, and that D. Stuyvesant Pillot, an inspector of risks, is a cousin of Louis Thebaud, son-in-law of President McCurdy; G. W. White, a secretary of the company was married to a neice of Mrs. Grannis, wife of Vice President Grannis. All of which goes to show that in the opinion of some people insurance offices are not only a private but a family snap.

IT IS said that in the forthcoming Townsend rate bill the Interstate Commerce Commission, which has now to particularize when calling for the books and papers of railroads, will be given blanket authority in the matter. The programme to be followed by the republican leaders in the House is understood to be to put through the administration measure there within 10 days of the opening of Congress, with little or no debate. The resolution under which the Senate Interstate Commerce Committee held hearings last spring provided that a report should be made within ten days after the convening of the fifty-ninth Congress so that if the rate bill is sent over to the Senate within that time the attention of the country will be at once riveted upon the upper House. If the House believes it can thus scare the Senate it is mistaken. The latter body is completely dominated by the railroads and railroad officials are not easily scared.

MR. HULL, of Iowa, chairman of the House military committee, thinks a treasury deficit a good thing. "My experience has taught me," he says, "that when there is a full treasury, with an annual surplus, the appropriations by Congress are in excess of what they ought to be. Every man thinks it is his duty to get part of the money for his own district and he does all in his power to that end. The proper thing to do is to cut down the expenses in the future and do nothing toward increasing the revenues." Mr. Hull's advice to cut down expenses is all right and proper, but he must remember that a deficit will not prevent some congressmen from getting all out of the treasury they possibly can.

A MATERIAL increase in the floating strength of the navy will be recommended by the Secretary of the Navy in his annual report. Special attention will be given in the report to battleships, as Secretary Bonaparte is strongly in favo of the authorization by the coming Congress of the construction of several vessels of this type. Mr. Bonaparte will use as a basis for his recommendations to Congress a programme for naval increase now being prepared by the general board of the navy. And this in a time of profound peace when peace conferences and disarmament are the talk of all nations.

ALLEGING A DESPOTISM on the part of President Palma, of Cuba, amounting almost to an absolute dictatorial government, and asking intervention on the part of the United States, General Jose Miguel Gomez, the candidate of the liberal party for the presidency of the island, has at last revealed the purpose of his present visit to the United States. Gen. Gomez might just as well have stayed at home. The American administration is supporting President Palmer and what the later does is satisfactory to, if not dictated by, those in authority in the United States.

REPRESENTATIVE BURTON, of Ohio, believes that, with economy, the present threatened deficit in the treasury can be either overcome entirely, or so materially reduced that it will cease to be a danger. He believes that the simplest way of raising additional revenues would be by the imposition of a small duty on coffee. This of course would impose an additional burden upon every poor family in the country, for they all use coffee—but the people be d——d is the maxim of the trust supporters.

THE members of the congressional committee on public printing say they believe it easily possible to reduce the expenses of the government printing office at least $1,000,000. Outsiders know they can, but why this big expense to the taxpayers has not been saved can only be explained by the committee.

AT THE Cabinet meeting yesterday it was decided to leave the control of the Panama canal with the War Department, under Secretary Taft's control. Well, many people believe that a change from its present management would not be worse though it is not certain that it would be better.

THE City Council will resume its semi-monthly meetings on Tuesday night next, after the summer recess of three months. During that time there has not been a single called meeting—something almost unprecedented, but the city has kept right along.

WITH ONLY one voice raised in opposition, the republicans of Massachusetts, in State convention, yesterday declared for a revision of the tariff. This is a nut for the standpatters in Congress to crack.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Oct. 7.

Friends of Representative "Hal" Flood, of the Tenth Virginia district, are beginning to boom him for the chairmanship of the democratic congressional committee, which will conduct the campaign of 1906. It was "Hal" Flood who managed the campaign for Senator Martin in his recent contest with Gov. Montague for the senatorial honors and the chairmanship is a sort of reward for the faithful. Another democrat who would like to have the honor of succeeding Representative Cowherd, defeated at the polls, is James M. Griggs, of Georgia.

At a meeting of the provincial chapter of the Dominican Order of America this morning at the new House of Studies near the Catholic University, Very Rev. L. F. Kearney, of Zanesville, Ohio, was re-elected provincial for a period of four years. The election was preceded by a solemn high mass after which the delegates, numbering about twenty five, entered a secret room and proceeded to choose the provincial.

Congressman Dalzell, of Pennsylvania, told the President today that he had not changed his views on tariff revision, to-wit, that there was no general or insistent demand for revision of the Dingley schedules. He also talked rate railroad legislation, in a general way. Discussing the platform plank adopted by the Massachusetts republican convention, urging the Massachusetts Congressional delegation to work for a revision of the tariff, he said: "That declaration is a straddle and a bluff. It doesn't mean anything, and doesn't go any farther than the other State declarations, asking that the tariff be revised, when the proper time comes, by its republican friends. These fellows in Massachusetts want free raw material and protected products."

The Comptroller of the Currency has appointed National Bank Examiner C. N. Bosworth receiver of the Peoria National Bank, of Peoria, Ill., on notification that the institution had been closed by order of the directors.

Senator Allee, of Delaware, has received recognition from the administration, the first since his breach with Addicks, of gas fame, by virtue of the appointment of John W. Burgess as assistant appraiser in the customs service for the port of New York. The formal announcement was made from the White House today that this appointment was made especially for Senator Allee.

Chief Engineer Stevens cabled the Panama Headquarters here today that he has appointed John G. Sullivan assistant chief engineer of the canal. Mr. Sullivan has been chief engineer of construction of the Canadian Pacific railroad.

Republicans Nominate Hughes.

The republican city convention met last night at Carnegie Hall, New York, and nominated as the party's candidate for mayor, Charles E. Hughes, the attorney who at present is conducting the life insurance investigation. The nomination was made unanimously. Richard C. Young, of Kings county, was named for comptroller, James L. Welles, of the Bronx, was nominated for president of the board of alderman. The convention then adjourned.

The platform endorses municipal ownership, and says the city must control all extension of the subway. Rigid supervision of life insurance companies is indorsed.

Mr. Hughes was selected as the candidate at a conference of the republican leaders in the afternoon which was attended by State Chairman Odell, ex-Lieut. Gov. Woodruff, Chairman Halpin, of the city committee, and others. The choice of the leaders was kept secret and was not made known until a short time before the nomination was made.

Mr. Hughes was not brought before the convention, and it is not known whether he was consulted about his nomination.

Mr. Hughes is a lawyer of high standing at the bar. He was counsel for the investigation committee of the gas companies, and is well known in reform circles.

Hugged and Kissed in Court.

Judge Pollard yesterday dismissed the charges against Mrs. Lillian Sprague for discharging firearms in St. Louis, which grew out of the recent sensational shooting at the home of George Morton, general passenger agent of the Katy road, and named as co-respondent in Edwin A. Sprague's recent successful divorce suit against his wife. The Police Court room was crowded with a fashionable throng when the Sprague case was called. Many stylishly-gowned women from the West End were present, and when Mrs. Sprague was discharged they crowded about her hugging and kissing her. Judge Pollard gave as his reason for dismissing the case his knowledge that a felony charge had been lodged against the defendant, but Judge Harvey, counsel for Mrs. Sprague, said he is confident Morton is endeavoring to hush up the whole matter and prevent a public trial, which would expose his relations with Mrs. Sprague.

A little daughter, of Ahimaaz Clevenger, near Big Cover Tannery, a few miles north of Hancock, Md., was instantly killed by the explosion of a gun which was kept in the bedroom for chicken thieves. The child's head was almost blown off. A ten-year-old brother was in the room, but he has not been able to give an accounting of the affair.

A total of 13 indictments have thus far been returned at Peoria, Ill. against Newton C. Dougherty, city superintendent of schools and president of the Peoria National Bank. Ten of them are for embezzlement and three for forgery. Forty more are being drawn by the State's attorney office. It was announced from that office that the total would reach more than 200.

Sharpe, sixty-five years of age, a clerk in the auditor's office of the Postoffice Department in Washington, attempted suicide at his home, in Georgetown, last night, by shooting himself in the head over the right temple. Sharpe had been suffering from indigestion for several months, and for the last two days he had been unable to eat anything.

Alice Ingerick, nine years old, was found murdered in the cellar of a farmhouse near Middletown, N. Y., last night. Her mother, Mrs. Georgia Ingerick, was later discovered in a barn on the same farm suffering from severe wounds about the head. The woman kept house for Willis and Fred Olney two aged brother. Search is being made for them. A blood-stained iron pipe, with which the crime was probably committed, was found in the kitchen. It is feared the woman will die.

Insurance Investigation.

Much additional light was shed in the insurance investigation in New York yesterday upon the grip which the McCurdy family has upon the Mutual Life, and particularly upon the salary list. The sensational development came late yesterday afternoon, when the salary list of the Mutual was produced, showing the salaries paid the executive officers of the company since 1877.

For the year of 1904 President Richard A. McCurdy received $150,000, or $50, 000 more than the salaries paid by the Equitable Society to its president, Alexander, or its first vice president, Hyde. This fact proved the more interesting inasmuch as but a few hours before the production of the salary list Robert H. McCurdy, son of President McCurdy and general manager of the Mutual, testified that he did not know what his father's salary was. He admitted, further, that he was a member of the Finance Committee of the Mutual, which committee fixes, or supposedly fixes, the salaries paid.

In stating that he had never known what his father's salary was until he heard it read in the committee room yesterday, Robert McCurdy added that he thought there should be no limit to the salary of such positions, because they should be in accordance with the accumulations of the company.

When asked if it was any benefit to the policy holder to increase the president's salary, Mr. McCurdy said he thought the trustees had considered that when they increased his father's salary. No increase, however, had ever been considered when he was present at the trustees' or finance committee's meetings.

The salary list showed further that thetwo first vice presidents of the Mutual were paid $50,000 each; a second vice president, $17,500; a third vice president, $10,000; the general manager $25, 000, and the treosurer $50,000. The salary of the general manager, Richard H. McCurdy, whico was given as $25, 000, for last year, will this year total $30,000. In short, the seven executive officers of the Mutual for 1904 were paid a total of $362,500 in salaries, of which $175,000 went to the McCurdy's father and son.

It also developed in the testimony of Robert H. McCurdy, yesterday's principal witness, that it cost the Mutual more to get business in New York, where the population is congested, and in Texas, where it is sparse, than it does in other places where the population is normal. It happened, according to young McCurdy, that both in New York and Texas the company was continuing to do business through the general agencies on a commission basis instead of through salaried agents, and that it also happened that relatives of the McCurdys or other influential officers were interested in these two fat agencies.

Mr. C. W. Barron, publisher of the Boston News Bureau applied to Judge Wentworth, this morning, for a warrant charging Thomas W. Lawson, with criminal libel. Judge Wentworth, put the request over until October 10.

Capt. Nathaniel Burruss, formerly a banker of Norfolk, died in St. Vincent's Hospital yesterday, aged 62 years. The home of the late Gov. Charles T. O'Ferrall in Richmond is to be sold at auction next week, according to the wish of his widow, to whom the former governor willed everything he possessed. His law library will also be sold. Some time before his death Governor O'Ferrall, who was considered a man of considerable means, sustained heavy losses. It is understood, however, that his life was well insured and that the estate he left is not inconsiderable.

Rev. S. S. Weatherby, a well-known Methodist minister, was run down and killed by a Norfolk and Western train at the entrance of the tunnel at Eggleston, Thursday evening. The noise of a stonecrusher near by is said to have drowned the noise of the train, which was coming through the Eggleston tunnel. Mr. Weatherby had charge of the Methodist charges on the Staffordsville Circuit and at the time of the accident was making collections for the missionary funds.

Mr. Thomas L. White and a colored laborer who was assisting him in some work found a pot containing nearly $400 while moving an old stable on the farm of the late Oscar Johnson in King George county Thursday. The farm was recently purchased by the Shiloh Baptist Church, to be used as a parsonage for Rev. J. K. Newbill, the pastor. Eleven dollars of the money is in paper. The money will be used toward paying for the new parsonage. Oscar Johnson, who recently died, was supposed to be wealthy, but his money has never been accounted for. It is thought that more money is buried on the farm.

Announcement was made in Winchester yesterday that an absolute divorce had been granted in the Circuit Court of Fauquier county, by Judge C. E. Nicol, to Mrs. Mary Robinson Buckner, of Upperville, from her husband, Charles E. Buckner, her allegations being that he was guilty of conduct unbecoming a husband. Mrs. Buckner is a daughter of William H. Robinson, formerly of Frederick county, but now of Leesburg, and at the time of her marriage was regarded as the belle and beauty of Fauquier county. She belongs to an old and distinguished family of Virginia, and Mr. Buckner is a member of the prominent Kentucky family of that name.

Postmaster H. F. Butt, jr., and former Postmaster Samuel L. Burroughs, of Portsmouth, had an altercation yesterday on a ferry steamer bound to Norfolk, during which blood flowed rather freely. When it was all over ex-Postmaster Burroughs had a black eye and was badly injured and Postmaster Butt had several slight bruises. The trouble is alleged to have been caused by remarks made by former Postmaster Burroughs and followed closely a fight Postmaster Butt had with William D. Jenkins, who was recently removed from the position of money order clerk in the Portsmouth post-office. Postmaster Butt alleges that both Jenkins and Burroughs have circulated reports intended to injure him, and he resented these by attacking them.

The body of William Bowman, fifteen years old, son of Mr. and Mrs. George Bowman, of Augusta county, was found yesterday in a chestnut orchard near Trimble's mill, eight miles west of Staunton, with a bullet hole in his left temple. Young Bowman went out Sunday morning chestnut hunting, and, not turning up Sunday night, his parents became alarmed, and searching parties were sent out to look for him. He had a .32 calibre revolver in his hand when found, and it was not known whether he committed suicide or was accidentally shot. There was lying close to him a small penknife, and it is thought that possibly he was trying to extract a cartridge from his revolver when it exploded. His body was much decomposed when found, as it had been there since Sunday.

University of Virginia.

At a called meeting yesterday of the board of visitors of the University of Virginia Dr. George Ben Johnston, of the Medical College of Virginia, was elected professor of surgery to succeed Dr. Augustus H. Buckmaster, resigned, and was made chief of staff of the hospital. Dr, Johnston appeared before the board and accepted the professorship, his period of active service to begin next session.

At their request a committee of the board of visitors and the faculty was appointed to look into the matter.

Provision was made for retiring the old debt of the university, amounting to $70,000. This was done by the sale of bonds in the sinking fund.

William B. Stone and John J. Luck, of Roanoke, were elected instructors in the school of mathematics.

Today's Telegraphic News

Bank Closed.

Peoria, Ill., Oct. 8.—The Peoria National Bank, of which N. C. Dougherty was president, did not open its doors this morning. At a meeting of directors of the institution last night, is was decided that the Comptroller of the Currency be asked to appoint a receiver. Withdrawals of money by banks about the state and in Chicago and the loss of confidence, caused by the alleged wholesale speculations of Dougherty were causes that led to this action. Dougherty has turned over his entire fortune to Oliver J. Bailey, and vainly tried to borrow more. His friends fear insanity.

With the closing of the Peoria National Bank by order of its directors, the voting of indictments, making the total against N. C. Dougherty one hundred, and the refusal of friends on whom he had counted to give him financial assistance, the banker and noted educator faces the probability of going to jail.

Washington, D. C., Oct. 7th.—The resources and liabilities of the Peoria National Bank, according to the last statement of condition made to the Comptroller of the Currency, on August 25, were $1,806,370,57 each.

Anxiety in Finland.

St. Petersburg, Oct. 7.—Advices received from Helsingfors by the government have aroused fresh fears as to the continuance of peace and order in Finland. Evidence is accumulating daily which shows that a widespread plot is being hatched for an uprising in Finland. While the threads of this plot have been picked up here the authorities in Finland have been been unable to locate the principal sources from which the movement is being directed. It is reported that seizures of quantities of arms and ammunition have been made, but the entire lot of arms which has been seized, thus far, is very small in proportion to the entire quantity of war stores which it is known revolutionists have secretly imported into the country. Urgent representations are being made to the government for Helsingfors, asking that at least 20,000 more troops, with artillery, should be sent to Finland. The government, however, hesitates to take this step lest it should instantly start a revolution.

Emperor William to Visit Pope.

Rome, Oct. 7.—The report is current here that Kaiser Wilhelm will shortly pay a flying visit to the Pope for the purpose of conferring with the pontiff in regard to the suggestion made by the latter that the Vatican shall be represented at the coming peace conference to be held at The Hague on the suggestion of the Czar. The Kaiser has undertaken to support the demand made by the Vatican for this representation, and his visit here will be for the purpose of talking the matter over with the Pope. Italy, it is reported, will not renew the objection she made at first to the presence of a papal delegate at the conference. If his effort to secure representation in the congress for the Vatican is successful the Pope is ready to concede extensive privileges in the hope of a protectorate over the eastern Catholic mission as compensation for Germany's display of good will.

The Republican Nominees.

New York, Oct. 7.—Charles E. Hughes, inquisitor of the legislative insurance investigating committee, who without his knowledge and consent was nominated for Mayor on the republican ticket last night, made the following statement early this morning:

"I have given no encouragement to the sub-committee, and I am strongly convinced that I ought not to accept the nomination. I will say nothing further until the formal notification is given me, and this I understood will be given Monday." Richard S. Young, who was nominated for Comptroller, is reported to have stated to friends that he will not accept the tender.

Another Body Found.

Middletown, N. Y., Oct. 7.—The search for Willis and Frederick Olney, on whose farm near here Alice Ingerick, aged 9, was found murdered yesterday, and her mother Mrs. George Ingerick, unconscious from blows on her head and face, has resulted in the discovery of the body of Frederick Olney in the woods near the scene of the tragedy. No trace has yet been found of Willis Olney and the belief prevails that he, too, was murdered and that his body has been hidden in the woods.

Middletown, N. Y., Oct. 7.—Later the body of Willie Olney was found in the woods not far from the place where his brother's body was found. Both had been murdered.

Application for Removal.

Toledo, O., Oct. 7.—Application was made by Joseph Ramsey, jr., in the State court here today to remove the inspectors of election for the Wabash railway, who were appointed at the last annual election. Ramsey alleges in his petition that they are not qualified by "education or experience" to do service as inspectors. Ramsey further alleges that he is still the president of the Wabash railway notwithstanding the action of the directors in ousting him. The removal of the inspectors is being vigorously contested by the Wabash counsel, and attorneys for George J. Gould.

Steers Killed.

New York, Oct. 7.—Three wild steers disputing the passage of a freight train over the tracks of the Delaware Lackawanna & Western Railroad at Sanfords Crossing, early this morning, caused a wreck that inconvenienced many thousand passengers. Hopkins was shot in the left hand. He is a prisoner in the Brooklyn hospital. The shooting was witnessed by Hopkins' sister, Mrs. Jennie Bruyn, of Walden, N. Y. The Hopkinses separated three months ago, after a quarrel about the disposition of the property they held in common, amounting to about $50,000. Mrs. Bruyn had just arrived at the home of Mrs. Hopkins to accompony her on a shopping tour when the husband appeared at the house and the duel began. Hopkins is about 55 years old, a steel engraver with a place at No. 155 Clifton Place, Brooklyn. His wife was 50 years old. Mrs. Hopkins and Mrs. Bruyn were conversing about the estrangement when the doorbell rang and Hopkins entered the hall. No sooner had he appeared, than Mrs. Hopkins drew from the bosom of her dress, a pearl handled, 22-calibre revolver and fired at Hopkins over Mrs. Bruyn's shoulder. Hopkins threw up his left hand and the bullet passed through the palm. Than he sprang at his wife, pushing his sister out of the way. Before Mrs. Hopkins could fire again, Hopkins had grabbed her pistol with his bleeding left hand With the other hand he drew a 38-calibre revolver from his coat pocket. Mrs. Bruyn sprang at him but she was too late. He pulled the trigger three times. The first bullet struck Mrs. Hopkins in the left arm, the second entered her body through the left arm pit, and went out at the left breast, passing through the heart. She dropped dead to the floor, as the third shot went over her head. Hopkins turned and fled, and his sister fell fainting in the hall The husband was captured later.

Baker's Strike.

Moscow, Oct. 7.—A baker's strike has been inaugurated in connection with the other labor troubles which have kept the city in a turmoil for the last day or two. As a consequence the city is threatened with a bread famine as the supply of white bread is sufficient only for two days. During the fighting which occurred last night in connection with the demonstrations made by the striking printers, the mob stoned and fired upon the gendarmes and troops. Officers were severely injured by the rioting. Troops finally dispersed the crowds after many attempts by firing with blank cartridges.

One of the robbers was probably shot and wounded, but escaped. W. E. Rogers was shot and John Hinckley, deputy marshal, was held up. The safe was blown open and robbed.

Spectacular Fire.

New York, Oct. 7.—A spectacular fire broke out in the lumber yards, ice houses, stables and storage sheds in Harlem's Little Italy early this morning. Before the flames were extinguished $100,000 damage had been done. The fire went through the block from 106th to 108th street and between First avenue and avenue A. There was a panic among the foreign element in the district and the police had their hands full keeping the fire lines cleared. Mounted police had to be called to keep the crowd back.

TELEGRAPHIC BREVITIES.

A run was started on the Dime Savings Bank, of Peoria, Ills., shortly before noon today. The bank has taken advantage of the 30 day notice law on all except check account.

Information came from a good source in New York today that if James H. Hyde, Thomas D. Jordan and William H. McIntyre all formerly of the Equitable Society, persist in refusing to come within the jurisdiction of the insurance investigating committee, the members of the committee will take means to make their banishment permanent.

While Mrs. Ernest L. Arnold, of Pawtucket, R. I., was dressing her hair with a celluloid comb friction caused the celluloid to ignite.

The Ideal City.

With big profits coming into the municipal coffers from the cemetery, owned and controlled by the city, with snug sums made by municipal control of garbage collection, city railroads, the slaughter houses, the pawn shop and the saving bank, Freiburg, Germany, a city of 70,000, is bidding for the title of being the ideal city of municipal ownership.

Her wise men point to the pensions given the aged officials, teachers, widows and orphans as showing the success of the plan. There is the municipal theater, for, so Consul Liefeld has reported, the city classes the theater with the schools and would as soon think of running its schools at a profit as the theater. Fully $80,000 is contributed annually to support the theater. It is said in the departments here that Guelph, Canada, is one of the most successful municipal ownership cities in North America.

Charge Against Physician.

As was stated in yesterday's Gazette, Dr. Oliver B. Hart, a young physician residing in the suburb of Rogers Park, in Chicago is in the custody of the police pending further investigation of the death of Irene Klokow, 10 years old, which occurred Thursday in the residence of the physician. It is the opinion of the police that a charge of murder will be lodged against Dr. Hart.

The girl died in a bedroom of the Hart residence, in which she and the physician had been locked for several hours. It is the opinion of the authorities, based on the facts disclosed at the inquest held yesterday, that the girl was maltreated and then poisoned in an attempt to conceal the crime. After finding that it was impossible for the child to recover, the physician swallowed morphine and lay in an unconscious condition all Thursday night and during the greater part of yesterday. Late in the afternoon he partially recovered and was locked up.

The girl was taken about a year ago from the Illinois Industrial Home for Girls by Dr. Hart and his wife, who desired a girl who could serve in a measure as companion for Mrs. Hart, who is but 17 years of age, and at the same time do light housework about the house.

On Thursday two sisters of Irene Klokow called at the Hart residence, and, in company with Mrs. Hart, went on a shopping expedition to the city. Irene complained of a headache and was left alone in the house with the physician. What happened in the house is not known.

Dr. Hart has resided in Chicago but a short time, and is the son of a millionaire of St. Louis, who has sent him regularly an allowance of money which has supported him and his wife. Mrs. Hart was, before her marriage, Vera Kriegesmann, the daughter of an official in the Stt. Louis postoffice. They were married when Mrs Hart was but 16 years of age.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Gibson & Timberman and W. F. Creighton & Co.

Democratic Committee.

A called meeting of the city democratic committee was held at the Fleischmann Hotel yesterday afternoon. Messrs. G. L. Simpson, Geo. E. Price, O. F. Carter, S. G. Brent, R. T. Cook, Chas. Bendheim and O. F. Phillips were present.

The object of the meeting was to make arrangements for the special primary election to be held next Thursday to nominate a candidate for clerk of the courts and to select a magistrate for the Second ward. Ex-Mayor George L. Simpson, who is the acting chairman of the committee, presided.

It was stated that Charles Bendheim and Nevell S. Greenaway for clerk and Messrs. William H. May, William A. Moore, sr., and Frank Mason for magistrate in the Second ward were the only persons who had qualified as candidates by filing notices of their intentions with the secretary of the committee by September 30.

The question whether the plan governing the primaries which was adopted by the State convention relative to those eligible to vote should be adopted, or whether the rule which has obtained here for a number of years should be adhered to was discussed.

The party plan provides that only known democrats shall be allowed to participate in democratic primaries, but it has been a custom in this city to allow all white republicans to vote who will bind themselves to support the nominees of the primary.

Mr. Cook favored the plan adopted by the State convention, but Mr. Brent urged the adoption of the plan heretofore acted upon in democratic primaries in Alexandria.

The following resolutions were subsequently adopted after which the meeting adjourned.

Resolved: That the only two candidates to be voted for in the primary to be held on the 12th day of October, 1905, for the clerkship of the Corporation Court, are Charles Bendheim and Nevell S. Greenaway, and that the only candidates to be voted for magistrate in the Second ward are William H. May, William A. Moore and Frank Mason. Constable, H. Robinson.

Resolved: That the polls shall be opened at the usual voting places from 6 o'clock a. m., until 6 o'clock p. m., and that the regular democratic judges and registrars of each ward shall act as judges and clerks of the said election.

Resolved, further, that the tickets shall be printed by the democratic committee, and shall be alike in all respects, and shall bear the names of all the candidates for the offices named in the Second Ward, and in the other wards of the city shall bear only the names of Charles Bendheim and Nevell S. Greenaway, candidates for clerk of the court.

Resolved, That the two democratic judges appointed for the general election and the registrar of each ward be designated as the judges of the primary election to be held in this city on the 12th of October, 1905, and that one of the said number shall act as clerk.

Resolved, That the tickets for the primary be printed and stamped with the seal of the committee by the acting chairman, and that a sufficient number of the same for each ward be delivered by him to the judges of the primary, who are required to give one ticket to each qualified voter as he offers to vote and that no second ticket be delivered to a voter until he has accounted for the ticket previously delivered.

Resolved, That voting booths shall be placed in each ward within sight of the judges of the primary, and that no person shall be permitted other than the voters, voting, to come within forty feet of the polls or of said booths.

Resolved, That each candidate in the said primary shall be entitled to designate one friend for each ward, who shall be permitted by the judges of the primary to enter the poll at sunrise and to remain therein until sundown and until the polls are closed, and that each candidate shall be permitted to have in each ward a person to witness the count of the votes, who shall be admitted within the polls by the judges immediately before the polls are declared closed and before the ballot box is opened.

Resolved, That all democrats who are qualified to vote in the general election, and all other white voters so qualified to vote, who pledge to support the nominees of the primary, shall be permitted to vote in the said primary.

Resolved, That polls shall be held at the usual voting places in each ward.

Resolved, That all the rules governing general elections shall govern and apply in said primary.

Writ of Habeas Corpus.

Judge Edmund Waddill, jr., of the United States District Court, has issued a writ of habeas corpus in the cases of James La Fontaine and John C. Nelson against William H. Parsons, sheriff of Alexandria county, respondent. John A. Lamb, counsel for the prisoners, will, when the matter comes before Judge Waddill, on Monday, contend that Alexandria county was ceded by Virginia to the United States government by an act of the legislature of December 3, 1789, to become a part of the District of Columbia, and that at the same time Maryland ceded a portion of Montgomery county, and that both were accepted by the U. S. Congress. It is further contended that on July 9, 1846, Congress, in violation of the constitution, purported to authorize a vote of the people on the subject. The vote was taken, and the people accepted. On September 27, 1905, Alexandria county officials caused the arrest and confinement of the prisoners, who were, it is claimed by their counsel, as proprietors of the Virginia Telephone Company, properly conducting the business or brokers in the District of Columbia. The prisoners were given six months in jail and fined $2,500. They are now incarcerated in jail.

Sudden Death.

Rufus Bainbridge Merchant, disbursing officer of the Postoffice Department in Washington, died suddenly last night from asthma and complications of the heart. While preparing to retire, Mr. Merchant was taken suddenly ill and fell to the floor, dying a few minutes later. The body will likely be taken to Fredericksburg this afternoon, and it is expected the funeral will take place there tomorrow. Mr. Merchant is survived by a widow, one daughter, and two sons. Mr. Merchant was in his sixty-eighth year. He established the Fredericksburg Star in 1869 and was at one time employed on the Herald of that place. He became disbursing officer of the Postoffice Department in 1895. The deceased had a number of friends and acquaintances in this city. Nearly half a century ago he was an apprentice on the old Virginia Sentinel, published in Alexandria by Smith Brothers on the site of the present Fleischmann Hotel. He was a Confederate soldier during the war, having been a member of Cobb's cavalry legion from Georgia.

Reception to Former Pastor.

The Synod's committee that Rev. Dr. F. J. Brooke, of the Second Presbyterian Church, attended this week was held at Clarksburg, W. Va., where he was pastor for eight years. He left there in January, 1891. It was, therefore, very gratifying to Dr. Brooke that the pastor and people gave him a beautiful reception last Tuesday night at the Manse, which was built during Dr. Brooke's pastorate. The Manse was tastefully decorated and filled with many old friends and many new members of the congregation. The little girls and the company of Covenanters were among the hosts. This was a most thoughtful way of giving the former pastor an opportunity of seeing many friends, whom he could not have called upon on account of the business of the Synod which took him there, and was greatly appreciated by him.—[Presbyterian.

Opera House.

The following is a clipping from The Ephrata, of Lancaster county, Pa., concerning the J. L Tempest Dramatic Company, which will appear here all next week: "The J. L. Tempest Dramatic Company has been in Ephrata this week entertaining large and appreciative audiences in the Band Hall, by their clever and masterly presentation of such plays as "The Light House Tragedy," "A Waif's Devotion," "Lady Audley's Secret," "Queen of the Harem," "East Lynne," "The Bachelor's Twins" and "The Vagabond's Wife" were presented. The playing by this well known and popular company is heartily appreciated here and the announcement that they are to appear is sure to attract large crowds. Mr. Tempest himself is a pleasant, genial gentleman, and has the hearty support of the members of the company."

Jewish Day of Atonement.

Yom Kippur, or the Day of Atonement, will begin tomorrow evening and last until sundown Monday. The day is the most widely observed of Jewish holidays, and is marked by total fasting. Services will be held tomorrow evening in the synagogue on Washington street and will be conducted by Rabbi Gross, of Cincinnati, and continuously on Monday. The observance of the day is taken from the commandment to Moses contained in Leviticus, XXIII; 26-32, and reference is also made to it in other parts of the Old Testament. The commandment in Leviticus in part says: "Speak unto the children of Israel, saying, on the tenth day of this seventh month, there shall be a day of atonement. It shall be a holy convocation unto you, and ye shall afflict your souls, and offer an offering made by fire unto the Lord."

Mr. R. H. Atkinson has resigned as day usher at the new union depot, and Mr. Harvey Allen has been appointed to succeed him. Mr. Virgil Howard, the night usher, has also resigned. He will be succeeded by Mr. Samuel Devaughn.

Death of J. M. Buckner.

James M. Buckner, a well-known and respected colored resident, died at his home in the northwestern section of the city at an early hour this morning. The deceased was about 60 years of age. He had been a sufferer from pulmonary troubles for several years past. Buckner was of the type of the old-time Virginia colored man. He was born in Fauquier county and came to Alexandria shortly after the close of the civil war where he had since lived. Industrious, responsible and enjoying the confidence of all who knew him, he never lacked employment, and performed his services satisfactorily to all for whom he worked. About twenty years ago he became an employee in the press room of the Gazette office, a position he retained up to about a year and a half ago when failing health forced him to relinquish it. The deceased had been a consistent member of the Alfred street Baptist Church for many years, and was a prominent member of several colored societies. He leaves a widow and three children. The funeral will take place at 3 o'clock Monday evening from the Alfred street Baptist Church.

Personal.

Mr. Vernon Ashby, of Washington, was in the city today.

Mr. H. O'B. Cooper will shortly locate in Alexandria for the practice of law. Since his graduation from the University of Virginia, Mr. Cooper has been connected with a large law book publishing company of New York.—[Culpeper Exponent.

A letter from Lexington says that when Col. F. L. Smith, of this city, was there last week attending a meeting of the Board of Visitors, at the Virginia Military Institute, he very handsomely entertained at dinner at the hotel the four Alexandria cadets—Conrad Johnson, A. G. Armstrong, Wallace and EugeneLindsey and recited many interesting reminiscences of forty years ago when he was a cadet at the institute. The Alexandria boys were greatly pleased at the attention shown them by Col. Smith.

Fires.

The dwelling occupied by Mr. H. J. Baker, just beyond Cameron Run in Fairfax county, below this city, was destroyed by fire yesterday evening about 4 o'clock. A part of the contents was insured. The loss is between $1,000 and $1,500. The building belonged to Mr. Courtland Lukins, father-in-law of Mr. Baker.

The house and building on the farm of Mr. Doman at Bon Air, Alexandria county, were entirely destroyed by fire Thursday evening at about 5 o'clock. Mr. Doman's animals were saved, but household goods, including money with which Mr. Doman was about to place insurance on the property, was destroyed Mr. Doman was in the dairy business, and came from the valley of Virginia to Alexandria county about three years ago.

Fined Ten Dollars Each.

Harry Simpson and a colored man named Benjamin Haley, who had been arrested by Officers Nicholson and Lyles, were arraigned in the Police Court this morning and fined $10 each. Haley yesterday morning assaulted Simpson with a whip and the latter discharged a pistol at the darkey. This morning neither had any charge to urge against the other, and both were fined for disorderly conduct. It was said at the time of the difficulty that Haley struck Simpson because the latter had offended his wife. Simpson denied that this was the origin of the trouble.

The New Bank.

The employees of the Citizens' National Bank have been busy today in removing the books, &c., from the building on the northeast corner of Prince and Lee streets to the new bank building on the northwest corner of King and St. Asaph streets preliminary to beginning business next Monday. The furniture was being placed in position today. Many people have visited the new building, and all are profuse in their praises of the exterior as well as of the interior appointments

Game Laws of the State.

The advent of the hunting season has turned the thought of the sportsmen of the city and surrounding country to the hills and woods, and as soon as the laws of the State will permit, they will resound with the pop of the gun and rifle, while no little game will be brought to the city during the early days of the hunting season.

The following statement gives concisely the game laws of the State as in effect now, the periods between the dates indicate being those in which it is unlawful to shoot the game:

EAST OF BLUE RIDGE.

Deer—January 1-October 1.
Squirrel—See below.
Rabbit—See below.
Quail (partridge)—February 1-November 1.
Grous (pheasant)—February 1-November 1.
Wild Turkey—February 1-November 1.
Woodcock—February 1-November 1.
Plover, Snipe (except Wilson snipe)—January 1-July 20.
Rail (except sora)—January 1-July 20
Duck—April 1-October 15.

WEST OF BLUE RIDGE.

Deer—January 1-October 1.
Rabbit—See below.
Quail (partridge)—January 1-November 1.
Grouse (pheasant)—January 1-November 1.
Wild Turkey—January 1-November 1.
Woodcock—January 1-November 1.
Plover, Snipe (except Wilson snipe)—January 1-July 20.
Rail (except sora)—January 1-July 20.
Duck—April 1-October 15.

The contrary laws protecting rabbits were not repealed by the law of 1903. Summer or wood duck, January 1-August 1.

Pheasants (except in Accomac and Northampton counties)—to March 14, 1909.

The following game is also protected in Virginia: Opossum, Halifax, only, February 1-October 16; squirrel, Alexandria, to September 1, 1910; Isle of Wight, Southampton, January 15-September 1.

Rabbit—Accomac, Northampton, January 15-November 15; Alexandria, Fairfax, Fauquier, Loudoun, Prince William, January 1-November 1; Amelia, Charlotte, Greensville, Spotsylvania, Sussex, February 1-October 1; Buckingham, Cumberland, February 1-October 15; Caroline, Essex, Hanover, Henrico, King William, February 1-November 1; Chesterfield, Febuary 1-September 1; Culpeper, Orange, January 15-November 1; Elizabeth City, February 1-November 15; Halifax, February 1-October 15; Nottoway, January 1-September 1; Shenandoah, March 1-November 1; Stafford, February 1-September 15.

Shipment—Export of deer and game birds (except sora) prohibited.

Non Resident License—Issued by county clerk; fee, $10. License allowed to carry out of the State one deer, fifty quail, ten grouse, three wild turkeys, thirty waterfoul, twenty-five of each kind of shore birds, or 100 shore birds in all, lawfully killed by himself, if carried exposed to view and plainly labeled with his name and address.

Non-Game Birds—All wild birds (except game birds and certain injurous species) protected throughout the year. No protection is given to English sparrows, crows, crow, blackbirds, ricebirds, hawks, owls or eagles.

A Pleasure To All.

No Pill is as pleasant and positive as De Witt's Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Sold by W. F. Creighton & Co., 401 King street.

Frightful Suffering Relieved

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson, of Lula, Miss., took Dr King's New Life Pills, "with the result," he writes "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at E. S. Leadbeater & Sons, drugstore, guaranteed.

Could Not be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

Faith Not Necessary.

You may be just as skeptical and pessimistic as you please. Kodol will digest what you eat whether you eat or not. You can put your food in a bowl, pour a little Kodol Dyspepsia Cure on it and it will digest it the same as it will in your stomach. It can't help but cure Indigestion and Dyspepsia. It is curing hundreds and thousands—some had faith and some didn't. Kodol will cure you if medicine can cure you, whether you have faith in it or not. Sold by W. F. Creighton, & Co. 401 King street.

FOR OVER SIXTY YEARS
